

THE LEADING MANUFACTURER OF  
WIRE & CABLE PREPARATION TOOLS

February 6, 2020

**Dear Valued Customers and Partners,**

Our thoughts are with the people affected by the Coronavirus and our immediate focus is on the health and safety of employees and families across our company, customers and partners.

***The majority of our products are manufactured and distributed from our company facilities in the US and Europe using local material sources.*** Although we do source some components directly from various Asian countries, our supply chain remains unaffected thus far.

Of course, we will continue to monitor the situation and develop plans to adapt should the impact broaden while maintaining the highest levels of quality and performance that we are widely known for.

Our sales and service teams will contact customers directly if there are any anticipated changes or delays.

Sincerely,

A handwritten signature in black ink, appearing to read "John Jutila", written in a cursive style.
